Call for Papers

AES 14th Regional Convention, 2009

Tokyo, Japan

Dates: 2009, July 23-25

Location: Science Museum, Chiyoda, Tokyo, Japan

The AES 14th Regional Convention committee invites you to submit technical papers for presentation at the 2009 July meeting in Tokyo, Japan. By 2009 March 10 a proposed title, 60- to 120-word abstract (English), and 500- to 750-word précis of the paper should be submitted via Web site (http://www.aes-japan.org/special/aes2009/). The précis should describe the work performed, methods employed, conclusion(s), and significance of the paper. Title, abstract, and précis should follow the guidelines at www.aes.org/journal/con_infoauth.html and www.aes-japan.org. Acceptance of papers will be determined by a review committee based on an assessment of the précis. A preprint manuscript will be a condition for acceptance of the paper for presentation at the convention. Abstracts of accepted papers will be published in the convention program so please choose your wording carefully. It is recommended to specify whether you prefer to present your paper in a lecture or poster session. Highly detailed papers are best in poster sessions, which permit greater interaction between author and audience. The convention committee reserves the right to reassign papers to any session. Whether a lecture or a poster, a complete convention paper (electronic manuscript) submitted before 11 May 2009 is required.

Proposed Topics for Papers

High-Resolution Audio	Transducers
Signal Processing for Audio	Amplifiers
Architectural Acoustics and Room Acoustics	Psychoacoustics, Perception, and Listening Tests
Audio Networking	Multichannel Sound
Recording and Reproduction	Program Production
Audio Games and Entertainment	Audio Coding
Sound Reinforcement	Audio Data Hiding
Digital Audio Equipment and Media	Virtual Reality Audio
Automotive Audio	Digital Broadcasting
Instrumentation and Measurement	Audio Restoration and Enhancement
Transmission	Analysis and Synthesis of Sound

Submission Schedule

Please submit proposed title, abstract, and précis via Web site no later than 10 March 2009. If you have any questions, please contact the Papers Chair.

Papers Chair:

Papers Vice-chair:

Akira Nishimura

Atsushi Marui

Tokyo University of Information Sciences

Tokyo University of the Arts

Email: 14th_papers@aes-japan.org

Authors whose contributions have been accepted for presentation will receive additional instructions for submission of their manuscripts.

Proposal Deadline: 10 March 2009

Acceptance E-mailed: 24 March 2009

Preprint Deadline: 11 May 2009
